

About The Department

The Department of Electronics and Communication Engineering (ECE) was established in the year 1996 to impact state-of-the-art and quality education, training, and research in the field of Electronics and Communication Engineering and allied areas. The department offers a Bachelor's program (B.Tech.) with an initial intake of 66 students, a Master's program (M. Tech.) in Electronics and Communication Engineering and Integrated M.Sc Electronics with an intake of 33 students and a Diploma program in Electrical Engineering with an initial intake of 30 students.

Well, Equipped Labs and the infrastructure are regularly upgraded not only to serve the purpose of the curriculum prescribed but also facilitate to carry out innovative projects to challenge the fast-changing needs of the society besides undertaking R&D activities in various fields. Department provides a very informal atmosphere between faculty and students. Faculty members of the department are not only engaged in bending technology research but are also very passionate about the teaching and learning process.

Faculty and students of ECE are encouraged to do NPTEL certifications in various subjects.

About The Course

University Institute of Engineering and Technology (UIET) introduces 2 Year P.G. program (M. Tech.) in Electronics and Communication Engineering from the academic session 2023 - 2024, with a vision to create competent and skilled Engineers with sound Technical knowledge and innovativeness. After completing the course the students can make their careers in Electronics and Communication Engineering industry or can become an entrepreneur. They can work as their individual capacity as well as teams on multidisciplinary projects. Diverse job opportunities exist for Engineers in Government as well as in Private sector.

Educational Qualification

Bachelor's degree in the appropriate branch or equivalent

Fees: Rs. 69200 /- per year
