A Report on Collected Feedback (Analyze and Action Taken)

The primary objective of teaching at any stage of education is to bring about a fundamental change in the learners. To facilitate the process of knowledge formation, teaching should be made almost open and creative. At the same time, the environment of the campus should be educative. For the quality teaching, the teaching should be more interesting, creative and research oriented and a quality of Lab and Campus classes should increase, so that the teaching work in the Campus can be done better.

The above work was done under the supervision of the Head of the Department and the teachers. Along with this, all the necessary steps were taken to solve the problems of the students. The environment of education in the campus and students learning process should run smoothly, so a committee of teachers was also formed, in which under the supervision of the Head of the Department Dr. Brijesh Swaroop Katiyar, Dr. Lokeshwar Singh, Miss. Deepshikha Maurya, Mr. Raj Kumar Singh and Mrs. Shivangi Kanaujia were included.

The above committee solved the problems of the students by interacting with them, as well as the feedback related to the department was also taken by the students, which was analyzed and resolved by the committee like lack of Computer Lab and irregular cleaning of premises. Analyzing the problems of the students, computer lab was established in the department, along with this, for the development of photography students, arrangement of potter wheel manual and electric was made for the students of photography studio and sculpture department so that the education in the department run smoothly and with the improvement in quality, work was also done on cleanliness etc.

Along with this, more information related to the subject was provided to the students through various workshops. Separate workshops and classes were organized for weak students, so that students can work ahead like other students. All our process is to make the quality of education better, as well as to give quality information about various subjects of art to the students to mature them and to provide them motivation for moving forward.

(Dr. Brijesh Swaroop Katiyar)
Head, Institute of Fine Arts,
CSJM University, Kanpur
