Uttar Pradesh.

Subject: Collaboration for Conducting a Health Camp.

Greetings from the Department!

We hope this letter finds you in good health and high spirits. We are glad to get your proposal for collaboration to conduct a programme focused on addressing **Health Camp at Baghpur Inter College, Kanpur Dehat**. We greatly admire the work that **Arogyam Foundation of India** has been doing in the field of health and believe that a partnership between our organizations can make a significant impact in tackling this pressing social issue.

We envision a joint effort that combines our collective strengths, expertise, and resources to create a comprehensive programme that raises awareness, educates the community, and provides tangible solutions to combat **health problems**. By joining forces, we can enhance the effectiveness of our initiatives and reach a wider audience with a unified message of hope and change.

Thanking You.

Regards,

(Dr. Sandeep Kumar Singh)

Director

School of Arts, Humanities & Social Sciences
