A six-day long event titled, 'Bangla Art Festival 2022, Mymensingh' has been arranged from 22 to 27 December 2022, in order to inspire a creative and humane generation through the practice of innovative arts.

The prime purpose of the arrangement is to diffuse the flow of healthy culture to the remote countryside of Bangladesh. Renowned artists, from both home and abroad, will share their experiences to the local school students, aiming to enhance their views on art, culture and creative expression.

The festival aims to inspire artists to indulge in creating inventive arts in a quiet place beyond the chaotic city life. Set in a natural environment, the festival hopes to become a true artistic reunion for the participating artists. The grand festival features an exclusive art camp by the eminent artists of Bangladesh and abroad for six days spanning from 23 to 27 December 2022. An exclusive art exhibition together with cultural programs, contemporary art project, symposium, traditional folk and craft fair and sightseeing will also be arranged in the art fiesta. So you are requested to arrive Dhaka 22nd December 2022.

Artists are requested to generate two artworks as per their own themes. Art Bangla Foundation will provide them with food, accommodation, airfare, local transport for sightseeing and all the art materials.
