Subject: request for hosting me for DBT-Ramalingaswami fellowship

Dear Prof. Pathak

I am an Associate Research Scientist in the department of Biological Sciences at Columbia University in the city of Newyork. I use tools of structural and computational biology to study proteins involved in signal transduction and regulation of cellular homeostasis.

I have been awarded the Ramalingaswami re-entry fellowship 2021-2022 and I would like to inquire if CSJMU, Kanpur would be interested in hosting me for the RLS fellowship? I am enclosing a cover letter, an updated CV and a brief summary of proposed research with this letter for your consideration. I would be more than happy to provide additional details, if needed.

Thank you for your time and consideration.

Sincerely,

Shikha Singh
