2. Highlight the Weaknesses of the Department to be improved:

Lack of sophisticated research instruments like Real Time PCR, AAS, CO₂ incubators, inverted microscope etc.

Dedicated research laboratories not existing

3. What are the opportunities to do the excellence?

Industry- academia relationship must be strengthened with national and international collaborations.

Provided with research and infrastructure, the faculty members can perform excellent research work by virtue of their vast experience.

4. Please provide the Current Threats in the Teaching and Research of the Department:

1. In corona pandemic situation, the offline teaching is affected and students from outside Kanpur state are not inclined to join the course.
2. Less number of Ph.D. students

5. How the Department can specifically help in the academic growth of CSJMU?

Identifying novel area of research, promoting interdisciplinary collaborative research within different departments of CSJM university as well as outside prestigious universities, CSIR laboratories and other national laboratories.

6. Suggestions; if any :

1. Course curriculum should be revised excluding the overlapping portions course content.
2. No. of papers offered in one semester be reduced to 5, except 4th semester which should exclusively based on dissertation work of 6 month duration which can be performed in and outside of the department
3. Consultancy contact can be improved
4. Each faculty must involve in active research work.

1. Please write the strength of the Department:

- A. Committed trained faculty and staff
- B. Networking with International & National level Organizations/Companies
- C. Good Placement reported by both national and international agencies
- D. Integration of Theory and Practice. Department is continuing with the experiments in area of interventions as has been mandated and has developed several courses based on its interaction with community.
- E. Department is responsive to urgent social and human needs of the community with its limited resources.
- F. Linkages with Government Initiatives/Practices and consequent programme participation
- G. University Community interaction and extending its extension and social work intervention to even distant areas of MP and Odisha is really commendable.
- H. Focused Training programmes & Workshops
- I. Willingness to work with less endowed people

2. Highlight the Weaknesses of the Department to be improved:

- A. Unavailability of Computer Lab and an in-house library
- B. TA/DA facility for field work supervisors
- C. Non-availability of resources for outreach activities
- D. Inadequate faculty & staffing

3. What are the opportunities to do the excellence?

- A. Demand of these courses in this pandemic
- B. Diversity of enrolling students
- C. Creating OPD facility for psychological services
- D. MoUs with different organizations/universities
- E. Projects related to the field of students
- F. Promoting equal opportunities
- G. Development of training programmes as well as participation in different organizations

4. Please provide the Current Threats in the Teaching and Research of the Department:

- A. Low recognition and concern for real life activities dissuade staff and force to migrate to routine work in University.
- B. There is no any separate account for funding/projects
- C. University's admission process (lack of advertisement in adjacent districts and only online process is there)
- D. Low motivation of teachers due to lack of recognition

5. How the Department can specifically help in the academic growth of CSJMU?

- A. The Department adds value to the face and functioning of University in terms of its social obligations, social responsibilities and facilitates changes in teaching learning process.
- B. University needs to support its activities on a sustained basis.

6. Suggestions; if any:

- A. The Department needs separate financial provisions/ accounts to meet its pressing and regular requirements of outreach activities
- B. A merit cum means fee concession/scholarship need to be introduced for the students particularly entering in to department of Lifelong Learning and Extension
- C. An exclusive vehicle to the Department for facilitating the community work
- D. The Department needs an in-house library for PG and Research students

1. Please write the strength of the Department:

1. Adequate space is available to develop the infrastructure further.
2. Qualified, young and energetic faculty members are there in place.
3. Clear vision of the administrative leadership and working environment is there.

2. Highlight the Weaknesses of the Department to be improved:

1. The labs are not ergonomically designed and have benches like plumbing is not there as kitchen and other labs
2. The equipment available is in a state of disrepair
3. The practice lessons in cutting, baking and food service does not appear to be taking place during the students' learn, skills by hands on practice.
4. Support staff for procurement, upkeep etc is not there to create a hospitable reception.
5. Industry interface to facilitate effective campus placement doesn't appear to be there.

3. What are the opportunities to do the excellence?

1. With the pro-tourism policies of the government, the employment opportunities are going to increase in the near future. Kanpur being a large city with even larger catchment area does not have any competition in hospitality education provider. It is a blue ocean environment out there.
2. Kanpur is a renowned education hub, capable of attracting students from far off locations.
3. There is a lot of untapped potential at the skill level manpower development; many short duration skill training programs may be launched leveraging the potential of UOI and possibly PG students in the future.

4. Please provide the Current Threats in the Teaching and Research of the Department:

1. Prevalence of on-line education from the private players with foreign university brands is going to pose a challenge in the current pandemic situation.
2. New players may come & grab the market share of hotel operation/management education.

5. How the Department can specifically help in the academic growth of CSJMU?

1. The department may collaborate with computer science department of university to develop ERPs for hotels, restaurants etc providing them opportunity to work on live projects.
2. The department, by virtue of having the guest lectures and events may project a very positive image of the university in diverse public. Such interaction with the university.

6. Suggestions; if any :

1. Proper faculty planning must be done for the new building which is proposed to be developed for the upcoming school of Hotel management right from the planning board stage so that it could be used as a commercially viable facility without any hindrances and ease in transfer of learning of students from academics to industry.
2. Faculty must be exposed to Faculty Development Programmes run by the IIMs / NCHMET.
3. Faculty must be attached with the industry in order to keep them abreast with the recent trends.
4. More and more interaction with the industry representatives must be facilitated in the management of the institution.
5. Soft skills training for the students to make them crack the placement interview.

Good academic potential among student.
Good activities with limited resources.
Good infrastructure and space specially building of the School.
Young Faculty.

2. Highlight the Weaknesses of the Department to be improved:

Lack of advanced instruments for students.
There is no advance Lab in the subject of Applied Arts, Photography and Sculpture.
There is no PC and internet facility for the students and faculties.
Only three members are on regular position.

3. What are the opportunities to do the excellence?

To establish lab, studio and instrumental facility for better practical and creative excellence for faculties and students.

Activity for placement of students.

Promote activities to ensure entrepreneurship development, professional excellence need to organize camps, special lectures, seminars, symposiums, establishment of art gallery in the campus and Outlet in the important places as Metro Station/Railway Stations/Airport etc.

4. Please provide the Current Threats in the Teaching and Research of the Department:

Shortage of regular faculties, likely to effect to quality teaching and subsequently affect the academic potential and academic professional excellence.

5. How the Department can specifically helpin the academic growth of CSJMU?

The department can grow the cultural and aesthetical environment in the campus.

The department can do consultancy work for the Government, Public Sector and Private Sector in the field of outdoor-indoor sculptures, murals, painting as well as campaigning and publication to generate the fund.

6. Suggestions; if any :

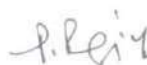

Need more regular teaching and technical staff.

Need to hire professionals for short period for the professional development of students.

Need to develop advance studios at the earliest.

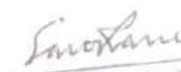

Need to organize National and International Camps, Symposiums and Seminars.

Need to establish Departmental Library.

Proforma of Departmental Report

Name of Department Visited:

Name of expert (1) : Prof. (Dr.) Devender Pathak

Designation: Dean & Director

Address: Rajiv Academy for Pharmacy, Mathura

Mobile No.: 9897661620

Email: dev_15@rediffmail.com

Name of expert (2) : Dr. Sushil Kumar Singh

Designation : Professor

Address : Department of Pharmaceutical Engg. & Technology, IIT (BHU) Varanasi-5

Mobile No.: 9415812970

Email: sksingh.phe@iitbhu.ac.in

1. Please write the strength of the Department:

Good academic potential among student

Good research with limited research resources

Young faculty

Good number of patents

Good physical infrastructure specially building of the School

2. Highlight the Weaknesses of the Department to be improved:

Lack of Advanced and sophisticated Instruments for Research for PG. Students

Upgradation of Laboratory equipments due to advancements in the field of Pharmacy

Good Internet facility and PC availability for students and staffs

Only 8 faculty members are appointed on regular post, 6 faculty members are appointed on contractual basis. As per the PCI norms 28 faculty members are required for running B.Pharm., D.Pharm., and M.Pharm. courses

Four technical assistant and few more lab assistant/ attendant are required for smooth running of the course.

3. What are the opportunities to do the excellence?

Placement of students

Promoting faculty to apply for externally funded projects

Promote activities to ensure entrepreneurship development

To establish a dedicated sophisticated Instrumentation Facility for better research output by the department

4. Please provide the Current Threats in the Teaching and Research of the Department:

Shortage in faculty strength, likely to affect the quality teaching and subsequently affect the academic potential of department

The Department has an excellent potential for the research as seen through the research articles and patents. However, a good facility for research needs to be provided to further strengthen. Industry and Academic relations are required to be activated.

5. How the Department can specifically help in the academic growth of CSJMU?

The department of Pharmacy, if provided with good facility for research and pilot plant can contribute to develop new products in herbals and pharmaceuticals

The department of Pharmacy can get the funded projects to add value to academic & research potential growth of University

The Department can start certificate courses for skill development and hands on training programs during summer vacations provided, good infrastructure and resources are developed.

6. Suggestions; if any :

To recruit qualified and motivated teaching faculty

To provide Teaching assistance to PG and Ph.D. students with financial assistance

To create more facilities for Research

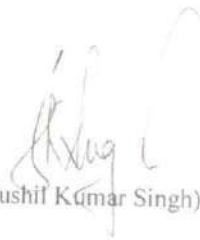

Lab-wise non teaching staff are required

Salary of Contractual Teachers to be enhanced and attempt should be made for regular appointment/promotion of faculty on regular basis.

During summer vacations the students must be engaged for short projects at the departmental level to generate skills for research and entrepreneurship, to think out of box.

-----1. **Please write the strength of the Department:**

1. Central Instrumentation Facility with all necessary equipments for research purpose available in the Department
2. Smart Classrooms and ICT tools available for teaching learning management systems in the department
3. Necessary laboratory facilities such as New Biotechnology Lab to serve need for increased Undergraduate students
4. Presence of Biosafety Level 1 facility in the Department
5. Presence of Animal facility in the University can be used for teaching and research purpose
6. Strong research collaborations with different Institutes within and outside the country on the basis of research publications
7. Best teacher and Springer society International award to faculty
8. 06 students qualified as Junior Research Fellow in the academic year

2. Highlight the Weaknesses of the Department to be improved:

1. Poor faculty: student ratio. Shortage of faculty in comparison student numbers
2. Lack of PhD scholars in the Department.
3. Requirement of Sophisticated Analytical instrumentation such as ICP spectroscopy, Real time PCR, Biofermentors, LC-MS, Fluorescent Microscope
4. Basic instruments for running UG and PG practical per student is insufficient

3. What are the opportunities to do the excellence?

1. Extend research collaboration with Industry and academic institutions
2. Increase Instrumentation Facility to enhance research capabilities and collaborate within the University and with prestigious Institutions within and outside the nation.
3. With opening of University again post pandemic, organization of conference, seminars, workshops, student industrial training and internships can be initiated and enhanced.
4. Industrial Training can be initiated by signing MOU with Institutions and Industry.
5. Organize invited talks/ seminars/webinars from eminent academicians from abroad and within the country

4. Please provide the Current Threats in the Teaching and Research of the Department:

1. Insufficient research facility and laboratories as per faculty numbers and expertise
2. Pandemic related effect of student participation in national and international conferences/ workshops
3. Academics of the Department can be improved if faculty in SFS courses can be promoted at given research opportunities.

5. How the Department can specifically help in the academic growth of CSJMU?

1. Enhance inter and multi-disciplinary collaboration in emerging research areas
2. Increase Academia- industry collaborations' by signing MOU within and outside the country for knowledge know-how
3. Student training in innovative biotechnology areas such as cancer therapy, environmental toxicology, molecular diagnostics, plant tissue culture, microbiological testing, agribiotechnology.

6. Suggestions; if any:

1. MSc Environmental Science course can be restarted in an improvised manner with change in Program name and mandate as course is of national importance and highly relevant with respect to global sustainable development goals given priority in International and national bodies.
2. May consider strengthening Food Technology course with respect to faculty numbers and laboratory facilities as it is applied field with high student employability with good student intake
3. Efforts can be made for obtaining travel grants and membership of national and international organizations
4. Efforts can be made for industrial training for student
5. Each faculty be involved in research activities and publishing research papers/books/book chapters

1. Please write the strength of the Department:

- Department of Physical Education was established in 2005 with B.P.Ed & M.P.Ed courses. Further, both the courses were approved by NCTE in the year 2005.
- NCTE, New Delhi has given extension for the approval to the both courses as per the policy in 2015.
- Department has having sufficient physical space to run the courses related to the Physical Education.
- Library is well equipped with sufficient number of quality books.

2. Highlight the Weaknesses of the Department to be improved:

- Department is running B.P.Ed and M.P.Ed 2 years courses with at intake of 50 and 40 students respectively.
- But the department is not having sufficient rooms to run the said courses.
- The condition of furniture is also not good and less in numbers.
- The rooms for the different mandatory lab are not available in the department.
- The equipment in different lab is out dated and not in sufficient numbers. Further, majority of equipment were not available in the departmental labs.
- As per NCTE norms the minimum requirement for the teaching and support staff is not available in the department.

3. What are the opportunities to do the excellence?

- Department has the potential to develop as center for excellence in the Physical Education.
- There a huge scope for introduction of new courses of Physical Education in the coming years.

4. Please provide the Current Threats in the Teaching and Research of the Department:

- NCTE 2014 norms must be adopted in respect to teaching staff, support staff, Class rooms, labs and lab equipment.
- It has been informed to the committee that as per the policy of resource sharing in the university, lot of faculty members of other department are teaching in the department but concern of the committee is that as simple physiology is different with the exercise physiology which is there in the physical education.

So, the concept of resource sharing may be implemented as per the specific requirement and practical implications.

5. How the Department can specifically help in the academic growth of CSJMU?

- By promoting inter-discipline courses and researches.
- By organizing fitness and health awareness programme in the campus.

6. Suggestions; if any :

- Appropriate number of permanent teaching and technical support staff as per NCTE norms may be appointed.
- Sufficient numbers of rooms and furniture may be provided in the department.
- Sufficient lab space and equipment for different labs like Human Performance lab, Anatomy & physiology Lab., Bio Mechanics, Sports Psychology, ICT etc. may be provided for better practical learning.
- Department may organize seminar/webinars for the awareness about health and wellness.
- Faculty members may be motivated to take up research projects.
- Concept of campus placement may be developed in the department.
