National Moot Court Competition
(ABVNMCC) - 2024

4-6 Oct 2024

Prepared By

ABVSLS, CSJMU is committed to make 1st ABVNMCC event a sustainable event

EVENT SUSTAINABLE GOALS

EVENT SUSTAINABILITY

Event sustainability is a strategy to design, organize, and produce events in a way that considers the environmental, social, and economic responsibilities of the event. Producing sustainable events will help Organizers improve the attendee experience, provide cost savings to the event budget, and help inspire behavior changes in both attendees and suppliers to benefit both the environment and local communities.

NMCC ABVSLS SUSTAINABILITY GOALS

MEASURE Moot Court event footprint

DELIVER net zero events by 2030

MAKE sustainability education accessible to all

SHARE what we learn and amplify best practice

GIVE BACK to our local communities

CHAMPION the positive impacts of meetings and events

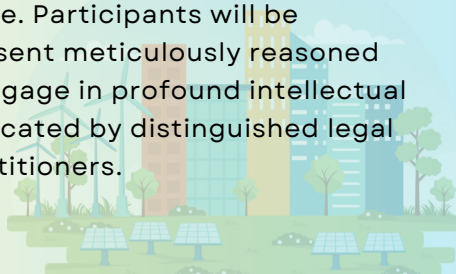

ABOUT EVENT

ABVSL is extremely proud to announce the inaugural edition of its prestigious 1st Atal Bihari Vajpayee National Moot Court Competition. This momentous event is designed to provide an unparalleled platform for law students to engage with intricate legal challenges and showcase their advocacy prowess through intensive debate and comprehensive analysis.

This premier event is anticipated to attract participation from law schools across the nation, thus fostering a vibrant spirit of mooting and scholarly discourse. Participants will be challenged to present meticulously reasoned arguments and engage in profound intellectual exchanges, adjudicated by distinguished legal scholars and practitioners.

Attendance:

100
Participants

300
Attendees

1.5 Lakhs
prizes

“

Moot court competitions will be instrumental in the legal education paradigm, providing an exceptional platform for students to gain legal skills. I am confident that this event will not only reflect our institution's dedication to academic excellence but also illuminate the remarkable legal talent present. I extend my heartfelt best wishes to each of you & look forward to witnessing an inspiring display of legal acumen and spirited advocacy.

Smt. Anandiben Patel
Hon'ble Chancellor &
Governor, UP

“

This inaugural event of Moot court competitions is crucial in bridging the gap between theoretical & the practical demands of the legal profession. With this they will be able to gain analytical & ethical acumen. To all the participant, I extend my best wishes, let this event be a testament to your hard work & dedication.

Prof. Vinay Kumar Pathak
Hon'ble Vice Chancellor
CSJMU

“

Moot court competitions are crucial in providing law students with a dynamic forum to enhance their legal research, critical thinking, & advocacy Skills. Engage fully in this competition, embrace the challenges & take this opportunity to learn and grow. I am confident that the 1st Atal Bihari Vajpayee National Moot Court Competition will set a high standard & pave the way for many successful editions in the future

Digital Marketing

Of all the factors influencing the sustainability of an event, destination and site selection play two of the most significant roles towards helping manage and mitigate our environmental impacts.

Venue of the Event: ABVSLS, CSJMU, Kanpur is located about 10 km away (~30 min) from Railway Station which **has direct connectivity** with most of the cities and about 20 km away (~ 45 min) Airport.

Accommodation: International Center located inside CSJM university campus and it is at a walking distance from the venue

**HOST VENUE AND
DESTINATION**

~840 KG
Total Waste

Color coded bins: Event venue is equipped with color coded bins to collect different categories of the waste

Composting: Event venue is equipped in-house organic waste composting machine to compost the waste generated.

Waste water treatment: Event venue is equipped with 1.1 MLD treatment plant to reuse the wastewater.

WASTE MANAGEMENT

Flower pots are used instead of bookey to welcome guests of honor. Also **scrap materials** generated are reused to create gifting articles and monuments

Energy and Water are extensively utilized during the event and sustainability of an event is hugely dependent on managing these resources efficiently

Energy: ABVSLS, CSJMU campus is equipped with 2 MWp of roof-top on grid solar panels to harness the renewable source of energy.

Water: Event venue is equipped with IoT based smart water monitoring to monitor and optimize the water consumption

Rainwater Harvesting: Event venue is equipped with roof top rain water system to recharge the precious groundwater resource.

ENERGY AND
WATER

**100%
Vegetarian
food**

**REUSABLE
CROCKERY**

**FOOD AND
BEVERAGE**

Stainless steel bottles placed at the dais during the inaugural session.

Wherever possible meals are served using reusable crockery and utensils.

The menu is designed to achieve four key sustainability goals:

- Reduce single use plastic
- Reduce carbon emissions through menu choices
- Support the regional economy through locally-sourced items
- Offer delicious and nourishing food!
